* This information is based on pending easement offers as of December 3, 2009, which is a later date on which to base this table than in the past. MALPF combined FYs 2009 and 20101 funding for a single easement acquisition cycle, and the last offer was not extended until December 2009. Because, as of December 3, 2009, only four of these seventy-five easement offers had gone to settlement, all summary numbers have been based on the original unadjusted offer acreage. Adjustments will be made in future annual reports to take into account for any acreage or other changes that occur during the settlement process. Please note that this table includes four offers made in FY 2009 with 100% St. Mary's County funding from FY 2008. These offers were made late (January 2009) and were not included in the FY 2008 Annual Report.
