† These offers are funded with 100% County funds.

‡ This offer is a late FY 2009/10 Round Two offer that relies on State funds from late rejected and withdrawn FY 2009/10 offers and State GreenPrint funds from a rejected offer.

Regular FY 2010 funds were combined with FY 2009 funds for a single easement acquisition offer cycle (see the table on FY 2009/10). This table represents new county funding commitments after the end of the FY 2009/10 cycle and State funds created by rejected and withdrawn offers after the end of the FY 2009/10 cycle.

The last property has a pending easement offer that has not yet gone to settlement.

This data may differ from that reported in the end-of-year tables and the Annual Report because it represents more current information incorporating adjustments in acreage and settlement payments and rejections and withdrawals of offers.

This table is updated and posted when MALPF staff has the time to do so, and not on a regular schedule. Last revision: January 21, 2011.
